

Finishing Touch

Enhance the beauty and value of your door with any of our quality coatings, for a completely finished & ready-to-install door system. (Optional)

Attractive Flush Glazing

Creates a crisp, contemporary appearance. (Optional)
Lite plugs installed in standard lite kit frames.
(*Lite kit shown not flush glazed.)

JambGuard™

Heavy duty steel reinforcement plate for added protection and security.
(*Not on sidelite or double units.)

Premium High Dam Sill

Provides an improved barrier against air and water intrusion.

Seams-Rite™ Nailing Flange

Seams-Rite™ is an innovative hidden fastener eliminating unsightly nail holes and provides a barrier to water intrusion.
(Standard on WeatherGuard Jamb's only)

The nailing flange allows the door to be installed without damaging finished jamb facings. (Optional)

WeatherGuard™

A unique low maintenance poly-fiber doorframe system that outlasts wood jambs. Does not wick moisture, splinter or rot. (Optional)

LVL Stile

Continuous 3-1/4" lock block extending the full length of the lock-side, keeping the door from bowing and improves security.

Corner Seal

Added protection against water and air infiltration.

Continuous Sidelite Sill

Features a high dam barrier for critical weather-tight protection where the jambs meet the sill.

High Performance Sweep

Provides a tight seal against drafts.

High Density Polyurethane Foam

Provides 5 times the insulation value of wood doors.

HydroShield™ Technology

Composite framework seals out moisture and eliminates rot and deterioration.
